Notice of Outside Counsel Criteria

North Texas Tollway Authority (“NTTA”) requires the assistance of outside legal counsel in carrying out its responsibilities related to the issuance of municipal securities and other related matters. Pursuant to Section 2254.1036 of the Texas Government Code, as amended, NTTA is required to provide written notice to the public stating certain criteria in connection with the engagement of Locke Lord LLP and McCall, Parkhurst & Horton L.L.P. (“Outside Counsel”).

NTTA has caused this written notice to be provided to the public to satisfy Section 2254.1036 of the Texas Government Code, as amended, for the purpose of entering into contingency fee contracts with Outside Counsel (the “Contracts”), and NTTA has reviewed and approved the following contingency contract criteria for this written notice:

“NTTA is pursuing the matter that is the subject of the Contracts with Outside Counsel for the purpose of issuing municipal securities or entering into contracts or agreements related to the financing, refinancing, or operation of NTTA’s turnpike system, including any improvements, extensions, enlargements, or additions thereto, in compliance with all state and federal laws, including securities and tax laws. Outside Counsel consists of well-qualified law firms with experience in the issuance of municipal securities and other related matters and have represented numerous municipal entities in matters relevant to the Contract. Outside Counsel has recognized standing and ability, specializing in the law pertaining to municipal securities and other related matters. NTTA has engaged Outside Counsel for previous matters similar to those in the Contract. NTTA cannot adequately perform the legal services with attorneys and supporting personnel of NTTA due to there being only two attorneys employed by NTTA as well as state law complexity and federal security and tax law intricacies of which NTTA attorneys and supporting personnel do not possess as an area of expertise. NTTA has found that the attorneys or law firms with experience in the matters relevant to the Contracts do not perform their legal services solely on an hourly basis; rather, such attorneys and law firms are engaged and (related to a transaction) are only paid to the extent NTTA successfully issues municipal securities or otherwise completes the matters relevant to the Contracts. It is in the best interest of NTTA to engage Outside Counsel on a contingency basis because NTTA wishes to preserve its right to forego the issuance of municipal securities or other matters relevant to the Contracts for any reason (financial, political, or otherwise) without payment of the contingent fee under the Contracts.”
